We have the honor of Ms Cindy Chua, to share the Art of Origami with everyone. The Art of Origami, Origami - from *ori* meaning "folding", and *kami* meaning "paper" (*kami* changes to *gami* due to rendaku) is often associated with Japanese culture and it is the art of folding elaborately designed paper into a myriad of shapes, plants and animals. The best-known origami model is the Japanese paper crane, but there are many other things that we can fold from a piece (or several pieces) of paper.

Cindy will be showing you step by step how to create your very own origami masterpieces. At the end of the session, you will have these beautiful creations to call your own! The origami papers and some materials will be provided during the Workshop. The required items listed below are to be prepared by the participants:

- Please bring along these items - Scissors, Glue, Marker pens & Pencil
